

**“Legal for Trade”  
Rugged  
Bench Beam Scale  
Weighs Accurately  
Again and Again!**

Detecto's 4420 Bench Beam Scale is designed for rugged industrial environments where high accuracy and minimum maintenance are necessary. The heavy-duty welded steel base will stand up under the most rigorous use and still provide long-term accuracy to 4 ounces. Special tip locks and checks prevent platform tipping, protecting pivots and bearings. Side checks bring platform to rest quickly for fast, accurate weighing. The scale's accuracy is further enhanced by its precision die-cast weighbeam which is easily read from both sides. The 4420's tough mar-resistant finish protects the scale for years to come.

**YOUR CHOICE OF POUNDS OR KILOGRAMS!**

**Model 4420 - 350 lb x 4 oz**  
(First dimension parallel to beam face)

**Platform Size:** 13 3/4" x 18 1/2"  
**Finish:** Charcoal gray  
**Approximate Weight:** 48 1/2 lb  
**Height:** 29 5/8"

**Model 4420kg - 140 kg x 100 g**  
(First dimension parallel to beam face)

**Platform Size:** 36 cm x 48 cm  
**Finish:** Charcoal gray  
**Approximate Weight:** 22 kg
